STENCIL-CRETE™

PATENTED OVERLAY SYSTEM

Pattern: Carolina Weave
 Trowel Coat: Slate
 Base Coat: Antique White
 Release Agent: Charcoal

Pattern: Cobblestone
 Base Coat: Adobe Buff
 Trowel Coat: Sun Buff

STENCIL-CRETE™ is ...

- * twice as strong as concrete
- * freeze-thaw resistant
- * salt resistant
- * slip resistant
- * cooler than concrete
- * algae resistant

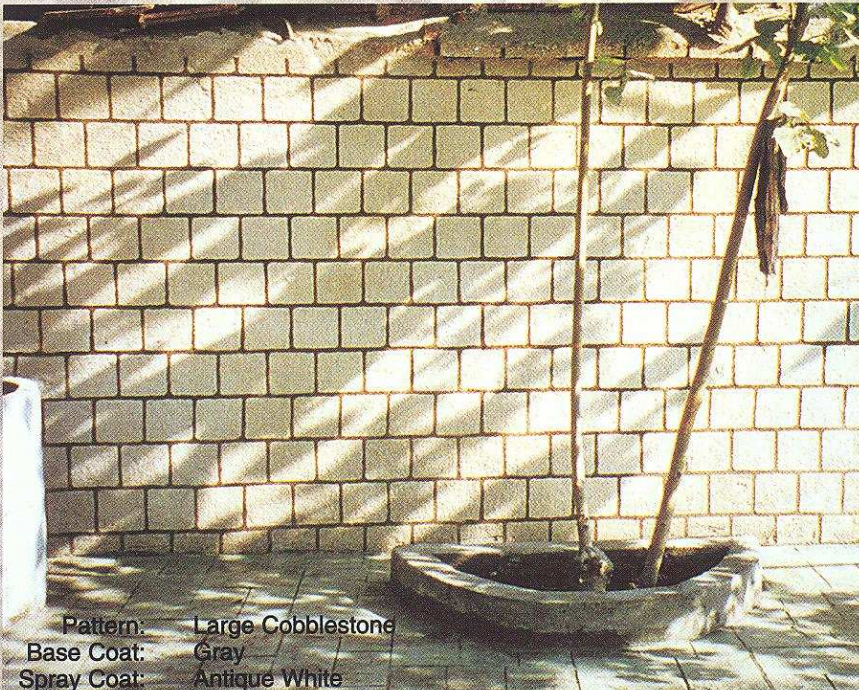

STENCIL-CRETE™ Enhances ...

- * pool decks
- * patios
- * driveways
- * balconies
- * counter tops
- * interior floors
- * sidewalks
- * vertical surfaces

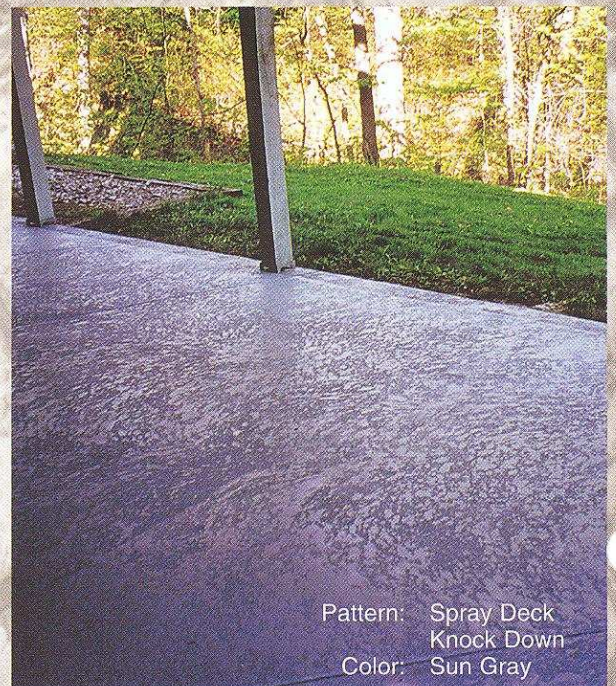

STENCIL-CRETE™ is protected by CHROME-SEAL acrylic sealers from most household and automotive stain producing materials.

STENCIL-CRETE™ applications are virtually unlimited!

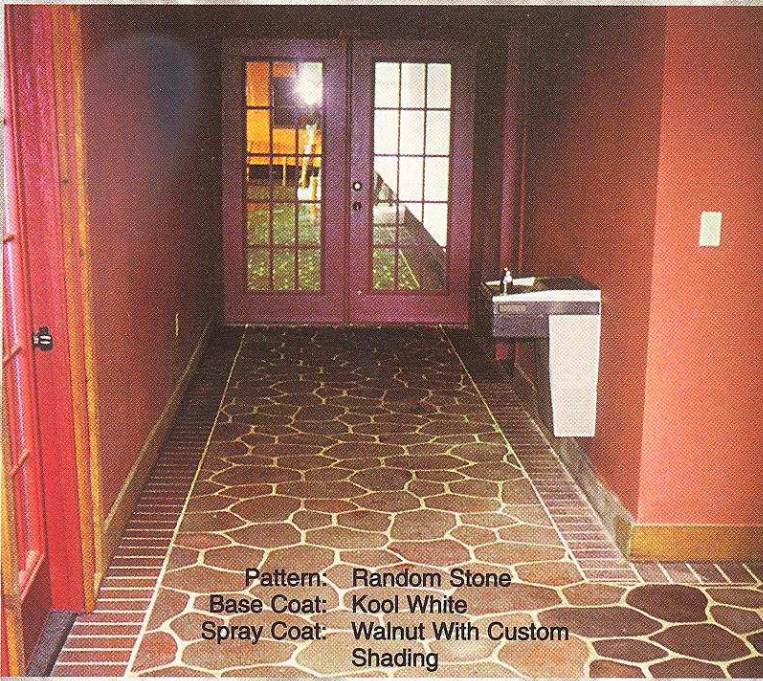

STENCIL-CRETE™ can even be applied to vertical surfaces!

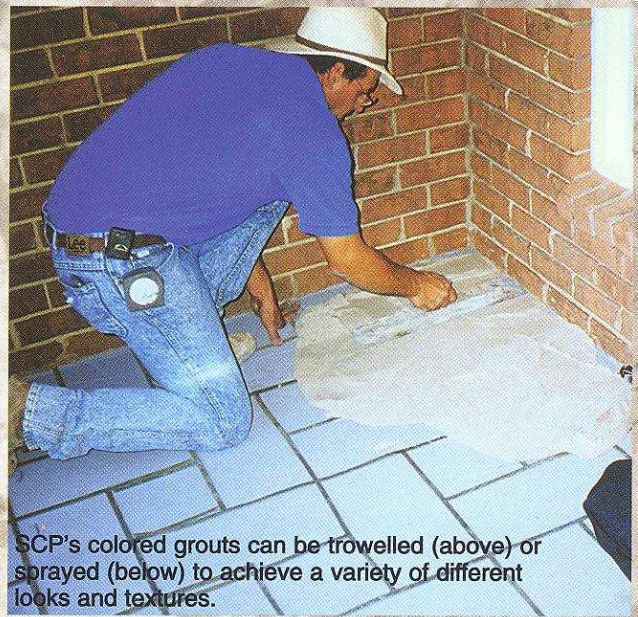

Pattern: Large Cobblestone
 Base Coat: Gray
 Spray Coat: Antique White

Pattern: Spray Deck
 Knock Down
 Color: Sun Gray

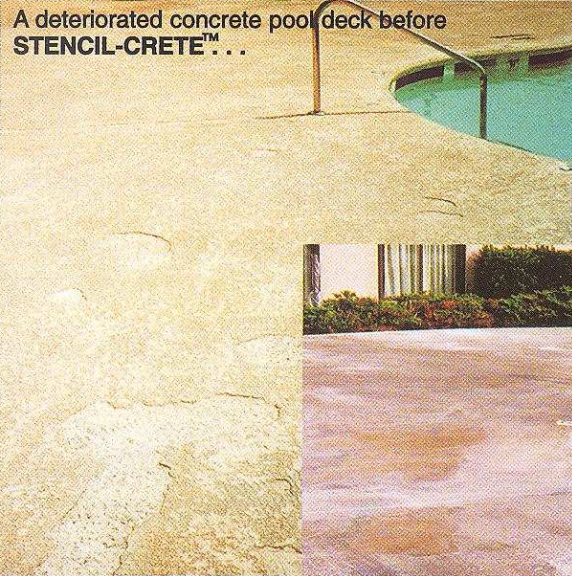

Pattern: Random Stone
 Base Coat: Kool White
 Spray Coat: Walnut With Custom Shading

SCP's colored grouts can be trowelled (above) or sprayed (below) to achieve a variety of different looks and textures.

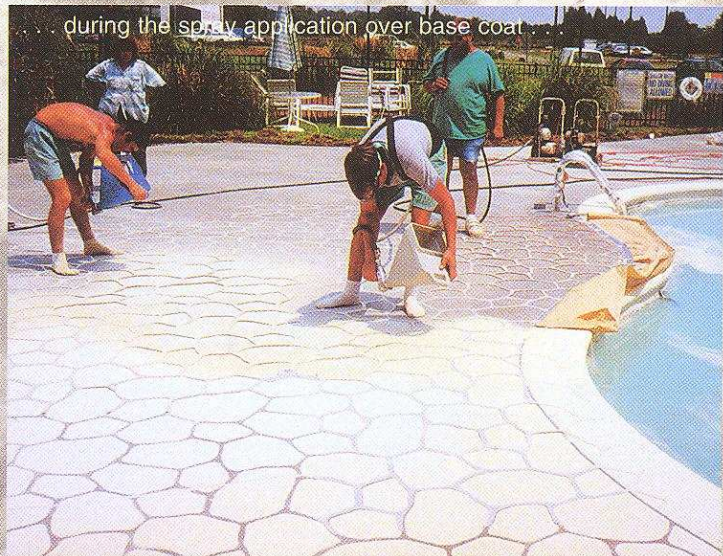

Unlike most competitive overlay systems that use white, gray or neutral grouts that must be colored on site with color dispersion systems, **STENCIL-CRETE's™** Colored Grout System removes the problems, worries and frustrations of color tinting each unit of grout prior to installation. **STENCIL-CRETE's™** Colored Grouts are pre-colored and color matched by an ISO 9000 approved color matching computer software system and spectrophotometer for consistent color quality time after time.

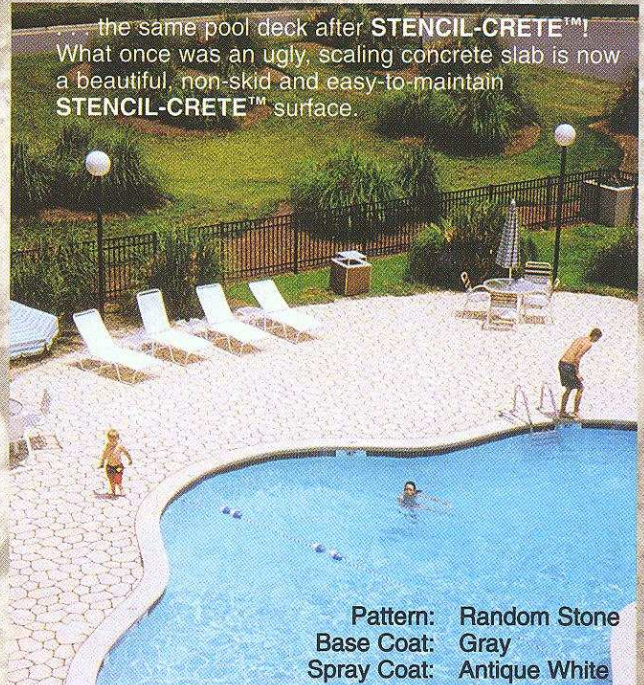

A deteriorated concrete pool deck before **STENCIL-CRETE™**...

... after surface preparation and base coat application

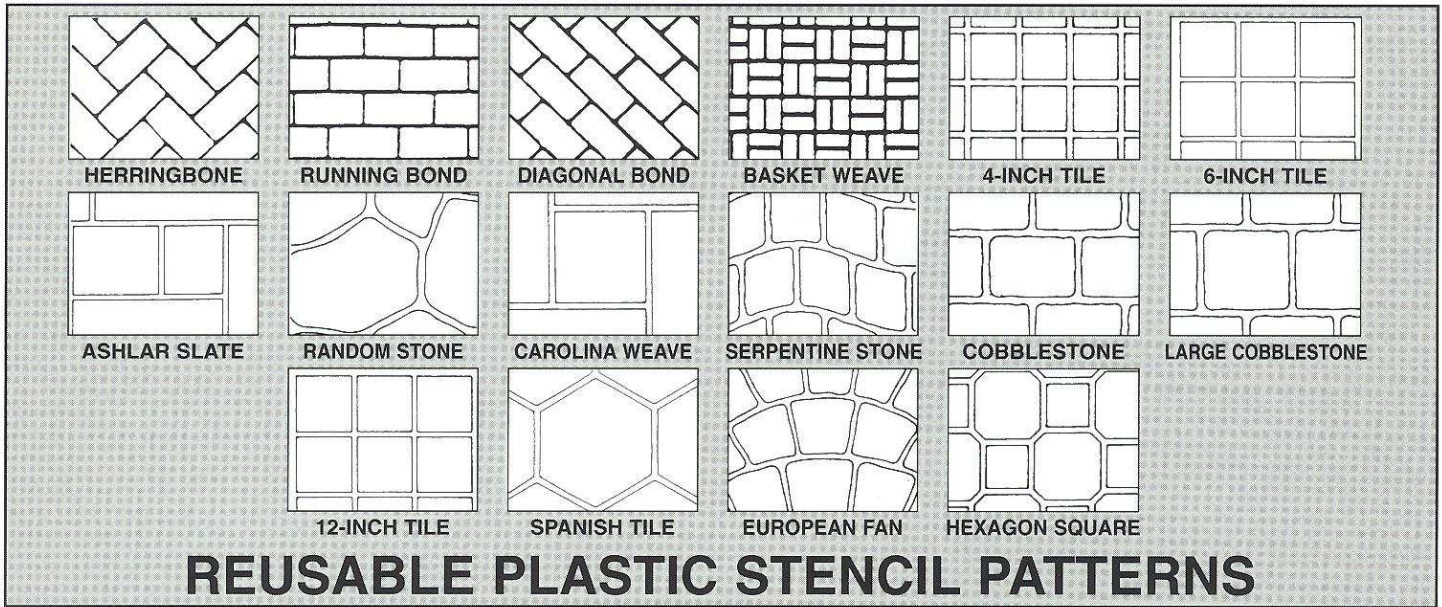

... during the spray application over base coat ...

... the same pool deck after **STENCIL-CRETE™**! What once was an ugly, scaling concrete slab is now a beautiful, non-skid and easy-to-maintain **STENCIL-CRETE™** surface.

Pattern: Random Stone
 Base Coat: Gray
 Spray Coat: Antique White

REUSABLE PLASTIC STENCIL PATTERNS

* Stencils are 4'x8' plastic sheets. Soldier course border and custom stencils also available.
